zeptocore
quickstart

zeptocore is a handmade, handheld, portable audio player that makes sample chopping tactile and fun.

speaker switch

reset key

on switch
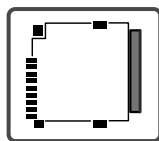

A, B, C, D are "shift" keys that access a number of features with the knobs:

```
tempo:      hold A & turn knob X
pitch:      hold A & turn knob Y
volume:     hold A & turn knob Z
sequencer:  hold B & turn knob X
filter:     hold B & turn knob Y
sample:     hold C & turn knob X
tunnel %:   hold C & turn knob Y
jump %:     hold D & turn knob X
fx %:       hold D & turn knob Y
fx bank:    hold D & turn knob Z
```
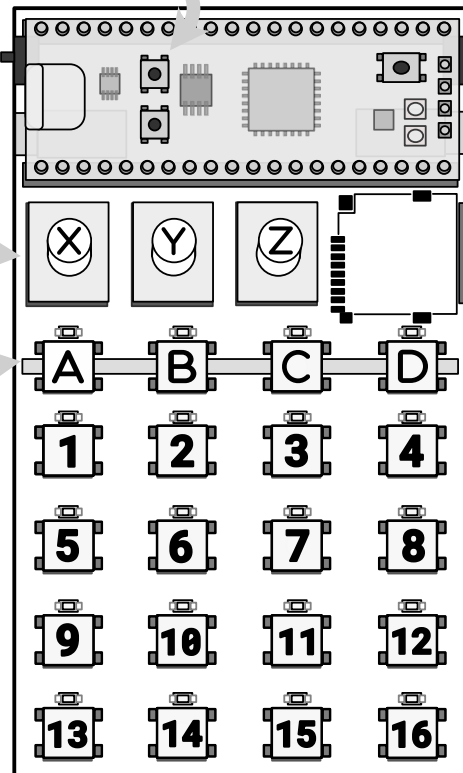

hold A and press [1-16] to toggle any of the sixteen effects:

```
saturation   loss   fuzz    bitcrush
timestretch  delay  comb      repeat
   gate      reverb autopan  scratch
  filter      pitch reverse  tapestop
```

press [1-16] to jump to a slice.

hold [1-16] and press [1-16] to retrigger a slice.

the sd card holds up to 32 gigabytes of samples (maximum 256) in 16 banks.

goto zeptocore.com/tool to load your samples.
